"The participants were unanimous in their view that the programme would help them in enhancing their on-the-job performance, realizing the width and depth of your mastery on the subject as also related subjects, the participants were simply amazed at your ability to come down to their level which ultimately contributed a great deal to the success of the program."

Mr. Melwyn Rego, Managing Director & C.E.O, IDBI Home Finance Limited

"In one word 'Excellent'! I had the opportunity to take part in different leadership workshops before but I must admit that this was the best because Mr. Patel made it very enjoyable and interesting. We could easily connect to the concept. Participants were actively involved and that is also because of Mr. Patel. Examples were practical and easy for us to connect with. The participants to my perception are eager to implement many things from this session I think this differentiates a successful workshop from a regular one. Have fun. I would look for similar workshops to be organized for wider audience in the organization".

Mr. Sazzad, Managing Director, SYNGENTA. Bangladesh.

"Recently I happened to attend two training programs. The first one was the 'destination success', leadership program, conducted by you in hotel Le Meridien, Pune and other one was at the leading management institute in the country (IIM – A). Your leadership program, apart from all the superlatives it could attract, acts as a light house to your participants."
